TERMS AND CONDITIONS

HEALTH:

All animals sold in this sale have successfully passed a clean test for Bang's disease within 30 days prior to sale or will have certificates of Bang's calfhood vaccination. Those that are not from accredited herds have passed a clean tuberculin test within the same period. Health Certificates to comply with the above will be furnished with each lot sold.

REGISTRATION:

A certificate of registry and transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

TERMS:

The terms of sale are cash unless arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off but the management will attend to loading on trucks in compliance with instructions from purchasers.

LIABILITY:

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. The association or management of sale will assume no liability, legal or otherwise. Where footnotes appear they were furnished by the consignors. We will not be responsible for accidents that may occur, but will make every effort to provide for the comfort and safety of our guests.

MAIL BIDS:

Those wishing to buy at this sale, but who cannot be present may send their bids to the Secretary, Darrell Jordan, Gibson City, Ill., or the Auctioneer, H. P. Miller, Danvers, Illinois.

Guarantee

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within four months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifer sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the buyer. Animals returned for failure to comply with this guarantee shall be in the same physical condition as when purchased. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state into which they may be shipped.

6. Certificate of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
